EXPERIMENTAL AIRCRAFT ASSOCIATION CHAPTER 648

President's Corner

Hi to all from your roaming president. When you get this I'll be in Brownsville, Texas visiting relatives. I'm meeting fellow 648 member Joel Kiester south of Houston and we're caravanning with our campers along with another RMRFI volunteer from Canyon City to Sun and Fun. There we'll help out, try to encourage folks to attend the RMRFI and learn things to make our Regional better.

I would have loved to fly to Florida, but that wasn't in the picture this year. Joel and I did fly on Saturday, March 19 to Joes Colorado for a CPA breakfast fly-in. The trip there was great, breakfast and company good, but the trip back was less than good. As I was starting my Cherokee I heard a nasty noise, and shut things down. When checking outside, the prop wouldn't turn, bad news. It looked like my starter had pooped out. Luckily a couple participating in the fly in breakfast were from Longmont and had 2 spare seats. Joel and I got back, and I got on the phone to arrange for repairs. Best of luck, my mechanic had a spare starter, and Joel received his long-awaited medical that day in the mail. He flew the mechanic and replacement starter to Joes on Sunday, and they flew Joel's and my plane back, even getting a tailwind heading west. It is pretty fortunate to break down near Kansas, get a ride home, and get the plane repaired and back home the next day.

You have asked us to let you know about selected aviation fly-ins or events as soon as they are posted on Flyins.com.

The following event was just posted and matches the personal selection criteria you gave us. Have fun!

Remember, sometimes events plans change. We recommend that you independently confirm the event's status with the sponsor and/or the airport where the event is being held prior to making any plans relative to the event.

Your friends at Fly-ins.com

Dear members,

Cheryle sent me a copy of the 99's monthly newsletter, and would like to know if any of you would like to see more graphics, or even the possibility of a monthly bio of a member from our chapter as a way to get to know each other better. Let myself or Cheryle know of any ideas that you may have,

Malcolm
